THINGS YOU SHOULD KNOW

THE BASICS

How to Register
Students may register one of five ways:
Online at myaccess.cod.edu
By mail at the address below
By fax at (630) 942-3785
By phone at (630) 942-2208
Email Continuing Education at ce@cod.edu

• Parents must use student’s information when registering.
• Parents and students can use the registration form at the back of this book to register for classes when mailing or faxing.
• Required forms are also available online at cod.edu/cehighschool

Return completed forms to:
Continuing Education
Attn: High School Program
College of DuPage
425 Fawell Blvd.
Glen Ellyn, IL 60137-6599

Cancellations and Minimum Enrollment
We require a minimum number of enrolled students in order to run a class. To avoid inconvenience to students, staff will cancel a class 3-5 business days prior to the start date and offer participants alternative classes (if applicable) or a full refund. Avoid disappointment and register early.

Refund Policy
• A full refund is issued if a student withdraws from first-semester classes by 6 p.m. on Wednesday, June 5.
• Withdrawals for the second semester must occur prior to 6 p.m. on Friday, July 5.
• Full refunds are issued for classes that do not meet a minimum enrollment one week prior to the scheduled start date.
• Refunds will not be issued for any of the following reasons:
  • If a student registers for class and does not attend.
  • If a student withdraws after the above-mentioned withdrawal dates for any reason.
  • If a student is dropped for violation of the Student Code of Conduct—Inappropriate Use of Computer/Internet and/or the High School Attendance Policy.

Accommodations for Students with Disabilities
In accordance with the Americans with Disabilities Act (ADA) and amendments, College of DuPage Continuing Education provides the opportunity for students to succeed. Accommodations will be determined based on the documentation provided by the student/parent. The College is not responsible for communicating with your student’s high school or counselor; you must ensure you are providing our team with the appropriate documentation. If requesting accommodations, please notify the Center for Access and Accommodations at least 30 days prior to the start of the first class.

Important Deadlines for Accommodations Requests:
Semester 1: Friday, May 3
Semester 2: Thursday, May 30

Students notifying the Center after these deadlines may experience a delay in receiving services.

Center for Access and Accommodations

Westmont, IL 60559

THE BASICS

Keep Your Info Up-to-Date
Help us stay in touch to provide you with any program updates or room changes. Ensure we have your current email address and phone numbers, so we have multiple ways to reach you. Please call (630) 942-2208 to update or stop into our office.

References
Please review the student code of conduct in our High School Program Parent and Student Handbook for additional policies. The handbook can be found online at cod.edu/CEhighschool

Textbooks
High school classes may require the purchase of a textbook. See page 15 for details.

PLEASE NOTE: No student under the age of 16 can be left unescorted on the campus.

Always check your registration letter for your specific room assignment. Be sure to include an updated email and phone contact for all class updates.
COLLEGE SUCCESS SERIES

All aspiring college students can benefit from learning how to manage the workload of, and transition to, college courses. Prepare for the next step of your academic success. Register for one or all of our classes in the College Success Series. Always check your registration letter for your specific room assignment.

**Common App Essay Workshop**
Get help with your college applications and scholarships by creating a working draft of your Common App essay in this writing workshop. This essay can also be a part of any scholarship application. This class will address this year’s prompts, develop a draft, and begin the editing process in a comfortable, supportive setting. Work one-on-one with the instructor and with your peers to create this important personal essay. Leave the class with a working draft that is ready for a final review by a parent, teacher or counselor. Time permitting, we may also workshop their supplement essays. Students are encouraged to bring a rough draft or outline of ideas to class.

**LEARN HOW TO NAVIGATE COLLEGE LIFE**

Take the appropriate classes to meet your collegial needs.

**Common App Essay Workshop**
Complete and submit college and scholarship applications prior to deadlines.

**Tutoring and Test Prep**
Take the PSAT to qualify for National Merit scholarships and programs.

**Note and Test Taking Skills**
Strengthen study skills.

**Tutoring and Test Prep**
Prepare for the SAT/ACT.

**Email Etiquette and Group Study Strategies**
Work on interpersonal skills when contacting colleges or teachers to request information, applications and letters of recommendation.

**Career Academy**
Explore career interests and earning potential.

Please bring paper and a writing instrument to any course.
Always check your registration letter for your specific room assignment.
Be sure to include an updated email and phone contact for all class updates.
Write Workshop
Writing papers is an integral part of high school and the process and expectations are different from those in middle school. Learn strategies to improve or generate fresh and compelling ideas. Focus on sentence structure, punctuation and grammar.

TUTORING FOR ALL AGES

Professional tutoring is available in a variety of topics in English, Reading, Writing, Foreign Language, Math, and Science. Tutors meet with students in a public location, such as a library, or at our main campus in Glen Ellyn. All tutors hold a minimum of a bachelor’s degree and have been selected for their tutoring skills, knowledge and sensitivity to individual needs. Call (630) 942-2208 for registration details.

Two Hours—$119
Four Hours—$225
Six Hours—$299

Tutoring—ACT or SAT Customized Test Prep
Prepare for the ACT or SAT exam in a way that best suits your needs. Concentrate on specific subject areas of your choosing, practice under simulated testing conditions and benefit from one-on-one instruction. Tutoring takes place in two-hour time blocks. Call (630) 942-2208 for registration details.

Four hours—$325
Six hours—$399

Please note: a 48-hour cancellation to your tutor or the Continuing Education department is required when cancelling one-on-one sessions.

REVIEW COURSES

Please bring paper and a writing instrument to any course.

Speed Reading
Improve your reading skills. Learn to read faster and increase comprehension. Acquire skills for skimming and scanning, previewing and overviewing, and recognizing cue words and organizational patterns.

Monday and Tuesday, July 8 and 9
2 to 4 p.m.
YEHSC-0004-102, $89
Westmont Center

Monday and Tuesday, July 15 and 16
11 a.m. to 1 p.m.
YEHSC-0004-101, $89
Naperville Center

Algebra II Preview
This preview class is designed for students who will enroll in Algebra II the upcoming term. Algebra I topics are reviewed and students are given an introduction of new topics for the next level of math.

Monday to Wednesday, July 22 to 24
9 a.m. to noon
YEHSC-0004-103, $149
Naperville Center

Geometry Preview
This introduction to high school geometry includes plane geometry, congruence, polygons and special quadrilaterals to strengthen skills and attitudes toward mathematical reasoning.

Monday to Wednesday, July 22 to 24
1 to 3:50 p.m.
YEHSC-0004-409, $149
Naperville Center

JUNIOR HIGH ACHIEVERS
A High School Preview Experience
For students entering grades 7 and 8

The academic rigor of high school, delivered among a group of peers.

See full details on pages 22 and 23.
### ACT Comprehensive Test Preparation
Review math, science reasoning, reading and English usage in preparation for the ACT exam. Practice under simulated testing conditions using simulated ACT questions. The course includes an introduction to the ACT writing section. A textbook is included.

Career Academy Course Descriptions

**Artificial Intelligence**
Explore neural-net application development using FPGAs and the Verilog Hardware Description Language. Traditional algorithmic programming compared to AI heuristic approaches that use machine learning. Examples using rule-based “Expert Systems” and inference machines are also developed. Instructor: Bob Dunne

**Computer Architecture**
Design your own CPU and implement it in Altera FPGAs. Students are first introduced to CPU architecture through hands-on assembly language programming of ARM, NEON, Intel X86-64 and PIC-16 computers. Input/output channels and memory chips are also examined with electronic test equipment. Instructor: Bob Dunne

**Crime Scene Investigation (CSI)**
Take a walk in the bootie-covered shoes of the real-world professionals who make a career out of solving crimes. Investigate the impact of modern technology, techniques of forensic science and explore the role of the forensic scientist in real-life cases. Participate in crime scene simulation and work with a team to solve a challenging case. Meet leading forensic scientists and discuss the career paths of this fascinating field. Instructor: Detective Donald Comstock

**Cyber Security**
Understand the implications of the choices we make in our everyday lives when using technology. Engage in discussions regarding online safety, privacy, risks, vulnerabilities, cryptography and networking.

**Culinary Boot Camp**
Whether you are interested in becoming a food critic, professional chef or restaurateur—start your food journey at COD! Geared toward high school students and taught by industry professionals, our summer camps give passionate young culinarians a preview of careers in the culinary and pastry arts. The four-day camp, held in COD’s state of the art Culinary & Hospitality Center, offers hands-on experience in knife skills, culinary and baking techniques. Each day we focuses on a different discipline: cooking, baking and cold food preparation. The last day is a showcase of student creations. Come challenge yourself in a fun and relaxed learning environment!

**Electronics Fundamentals**
*This class is offered twice this summer.*
Considering a career in electronics and not sure where to start? Get started by learning the basics of electronics while building a radio kit. Properties of resistors, capacitors and integrated circuits are discussed as each component is soldered into a circuit board. Digital and analog circuits are also examined using Protoboard techniques. Instructor: Mike Rybinski

**IT Administration**
Understand what it takes to be an IT Administrator. Explore the growing industry of computer technology and get hands-on experience with PC hardware, network setup, virtualization, servers and security.

**Photo Camp**
Gain hands-on training in elements of the professional photography career! In studio and on location shoots, practice composition, lighting, DSLR camera operation and basic Photoshop processing and printing. Produce your own mini-portfolio of creative images and feature them in a pop-up photography show at the end of the week. Please bring a digital single-lens reflex (DSRL) camera.

**Raspberry Pi**
Get hands-on experience with Raspberry Pi, an inexpensive computing platform. Set up hardware components, camera module and accessories. Install an operating system and work at the command line with simple Linux commands. Practice introductory programming skills using the Python programming language. Build cool and creative animated images using the integrated camera hardware and software on this fully functional digital computing system.

**Robotics**
*This class is offered twice this summer.*
Gain hands-on experience with real FANUC industrial robots. Background introduction includes robotic computer simulations and practice with “hobbyist-grade” Parallax Boe-Bots and Arduino applications. This course also includes tours and demonstrations in three COD departments using “robots”: Medical Sim Lab used to train nurses, manufacturing CNC machining, and HVAC commercial building automation. Instructor: Bob Dunne

**Teen Improv**
Ever imagine yourself on stage? Maybe you just need practice being comfortable speaking in front of a group. Take the plunge in a supportive, fun-filled environment! Explore the fundamentals of acting through improvisation, including character development, creative thinking, confidence building, active listening and team building. Build foundational skills through interactive games and exercises. The last class is a mini-improv show open to parents. Instructor: Amelia Barrett

**Video Game Level Design**
Work as a video game level designer! Design 3D game levels using state-of-the-art equipment in this hands-on workshop. Learn the skills needed to develop your own playable 3D levels in Unreal Engine 4, the world’s leading AAA 3D game engine. Focus on indoor level creation and learn to create clean geometry, as well as texturing and lighting. Get a look at developing game logic for in-game objectives and artificial intelligence (AI). Leave the class with your own playable levels you can take home and the knowledge to create levels at home using Unreal Engine 4 for Indie, AAA or hobby purposes. Prerequisite: General knowledge of using Windows PCs. Instructor: Steve Santello
EARLY ADMISSIONS STUDENT PROGRAM

Enroll in college-level classes while still in high school.

BENEFITS OF THE EARLY ADMISSIONS STUDENT PROGRAM:

• **Start** your college education early.
• **Earn** college credits even before you finish high school.
• **Begin** working on your college General Education credits.
• **Explore** different college programs and careers.
• **Experience** the academic and social aspects of college life.
• **Transfer** qualified college credits to other colleges or universities.

For more information visit: cod.edu/early_admissions

If you have any questions about the College of DuPage Early Admissions Student Program, please contact Admissions and Outreach at (630) 942-2380 or email admissions@cod.edu. You may also want to explore high school options through Continuing Education at www.cod.edu/cehighschool.
All students registered for the 2019 High School summer program are required to complete an in-person or online orientation session with a parent or guardian. Students and parents review and sign required documents as part of the session. Details of this presentation include:

- Policies
- Grading
- Student/Parent Handbook
- Required Paperwork
- Grade Release Authorization Forms

The option of an in-person orientation session is also available on the following date:

**Wednesday, May 15, 7 to 8 p.m.**
Neuqua Valley High School, Naperville

Visit cod.edu/cehighschool for registration details and call (630) 942-2208 or email ce@cod.edu for more information.
HIGH SCHOOL CREDIT COURSES

Welcome!

High School Credit Classes at COD Youth Academy
College of DuPage Continuing Education provides a summer school program that offers high school credit courses to incoming freshman and current high school students. The summer program is an extension of the regular academic year, designed to provide students with opportunities to gain academic credit or to explore interests by auditing a class. The High School Handbook, along with the mandatory online orientation session, will serve as your guides to the 2019 Summer High School Program.

In those resources, you will find details about attendance, grades and other important information and policies. One day in the summer program equals one week of a regular school year. Prompt and consistent attendance is mandatory to ensure the same contact hours, teaching and learning opportunities as during the school year.

Glen Ellyn programs are offered in morning and afternoon classes, as well as a supervised lunch period for those students taking a full day on the COD campus.

We invite you to explore our offerings and encourage you to contact us with any questions you may have. We are here to help!

**PLEASE NOTE:** No student under the age of 16 can be left unescorted on the campus.

**SUMMER ACADEMIC DATES AND TIMES**

**COD GLEN ELLYN CAMPUS:**
First semester  
June 6 to 27  
Second semester  
July 8 to 29

Bell schedule for COD Glen Ellyn  
Classes are scheduled Monday to Friday: 8 a.m. to noon or 1 to 5 p.m.

**Please note:**  
No classes the week of July 1 to 5  
All sites closed July 4

**ONE DAY = ONE WEEK**
One day in the summer program equals one week of a regular school year.

**REGISTER ONLINE before March 31, 2019**
myaccess.cod.edu

**SAVE 10%**
Accelerated Format
Parents and students should be aware of the accelerated pace of the COD High School summer program. One day in the summer program equals one week of a regular school year. The fast-paced nature of the program includes:
- Extended lecture times
- Compounded homework and reading assignments each evening
- Frequent quizzes and testing

Before registration, be sure to check credit eligibility (whether or not courses will transfer) with your high school counselor or registrar.

District 204 students entering grade 9 in fall 2019 will NOT be eligible to receive high school math credit through this programming.

Attendance Policy
Summer school is an intensive and compressed academic experience. Excellent punctuality and attendance is required for success. See the following enforced regulations:
- In accordance with state mandate, students are allowed two (2) absences per semester course.
- More than two (2) absences per course will result in a “Withdrawal/Failure” grade issued for no credit, without a refund. An absence is defined as missing one or more hours of class.

VACATION DAYS AND/OR DAYS OF ILLNESS COUNT AS ABSENCES FROM SUMMER SCHOOL. A doctor’s note and/or parent call-in will not excuse a student absence.

- Four (4) tardies at the beginning of the day, the break, or leaving early at the end of the day per semester course equals one (1) absence.
- Tardies exceeding 15 minutes equal an absence.
- Any combination of absences and tardies that exceed two (2) days results in a “Withdrawal/Failure” grade issued for no credit, without refund.
- There are no special arrangements made after the allowed two (2) days of absence for any reason.

Every effort is made to notify a student’s parent/guardian of absences or tardies. Parents are asked not to register their child for summer school classes when they anticipate a conflict with their personal schedule.

Grades
Summer school grades are available on myACCESS. Grades are not mailed home. A final exam will be given on the last day of the session. Privacy laws dictate that a signed and dated Release of Grade form must be completed in order for College of DuPage to release and/or send your grade to any school. Please print clearly and indicate the contact person at the high school. A release of grade form is needed for each course completed by the student, including semester courses. Grades submitted from the College of DuPage Summer High School Program to the local high schools are final. This policy is designed to maintain the grade/transcript as an accurate and complete record of meeting course requirements. Contact Continuing Education for future Grade Release inquiries.

Grade Release Form
Submit your Release of Grades Form (found on page 26 of this book or online at cod.edu/cehighschool) on the first day of class. If you are auditing courses or taking classes for enrichment purposes only, you must note this on your form.

myACCESS Account and Student Email
Setting up myACCESS Account and Student Email
After registration, your student will automatically receive a “dupage.edu” email account. Each student is responsible for knowing his/her student ID number and myACCESS/Email username. This information can be found in the registration letter. You may also call the Continuing Education office to confirm your student’s ID number. For issues with online systems, contact the Student HelpDesk at (630) 942-2999.

Final Exams
Final exams are given on the last day of class for each semester. If a student is absent for the final exam, COD cannot and will not provide an opportunity for an alternate date. There are no make-up exams. COD will not administer the final exam early or proctor the exam later. If an exam is missed, the grade the student receives for the final exam is recorded as an “F” (zero points) and is factored into the semester grade. Absences, tardies and final exam policies are outlined in the Student/Parent Handbook. The parent/guardian and student signatures on the Student/Parent Handbook constitute understanding and acceptance of these conditions.

Update Your Contact Information
Help us stay in touch to provide you with any program updates! Ensure we have your current email address and phone numbers. Call (630) 942-2208 to update.

Cancellations and Minimum Enrollment
We require a minimum number of enrolled students in order to run a class. To avoid inconvenience to students, staff will cancel a class three to five business days in advance of the start date and offer participants alternative classes (if applicable) or a full refund. Avoid disappointment and register early.

Accommodations for Students with Disabilities
Please see policies and important deadlines on page 4.

No student under the age of 16 can be left unescorted on the campus. You must walk your student to class.

Student Code of Conduct
Please pay particular attention to the Student Code of Conduct and the Appropriate Use of Computers and the Internet sections of the Student and Parent Handbook. Find the handbook at cod.edu/cehighschool. When a student is found to be in violation of the Student Code of Conduct or the Appropriate Use of Computers, the site supervisor or high school program coordinator, in conjunction with the Dean of Continuing Education, will meet to assess the situation and make a decision that aligns with College policy.

Textbooks
Textbook are available for purchase or rent from Follett COD Bookstore. A parent/guardian must be present for in-store textbook rental and a credit card is required. For each course, you will find textbook information, including ISBN number, at the end of the course description on page 24. Follett COD Bookstore is located on campus in Glen Ellyn at 425 Fawell Blvd. in the Student Resource Center (SRC), Room 1060. Contact the bookstore at (630) 942-3883 or visit online at www.codbooks.com.

Questions? Contact the High School Program Coordinator at (630) 942-2208.
Glen Ellyn—College of DuPage Campus Semester 1

Monday to Friday, June 6 to 27

All classes are held on campus in Glen Ellyn in the Berg Instructional Center (BIC), unless otherwise indicated.

Always check your registration confirmation letter for specific room assignments. No student under the age of 16 may be left unescorted on campus.

Important Information About Chemistry Classes at COD

On Tuesdays and Thursdays, all Science courses will meet in specialized laboratories. On those days, students will be required to wear appropriate lab attire. Those without it will be sent home and considered absent.

Please note: On Monday, Wednesday and Friday, these Science courses meet in a traditional classroom in the Berg Instructional Center (BIC).

What is proper lab attire?
Students enrolling in Science classes must adhere to the COD policies regarding laboratory attire. Please visit cod.edu/cehighschool for full details.
Glen Ellyn - College of DuPage Campus Semester 2

Monday to Friday, July 8 to 29

Please note: There are no classes the week of July 1 to 5. All offices at College of DuPage are closed on Thursday, July 4. All classes are held on campus in Glen Ellyn in the Berg Instructional Center (BIC) unless otherwise indicated. Check your registration confirmation letter for specific room assignments. No student under the age of 16 may be left unescorted on campus.

JUNIOR HIGH ACHIEVERS

A High School Preview Experience

The academic content of high school, tailored to junior high students

Students entering grades 7 and 8 are invited to explore their interest in non-credit academic courses among a group of peers. Classes offered are modeled after high school courses and are held to the same academic standards, policy and rigor you expect from COD Youth Academy.

All classes require parents/guardians to walk student to their class and check-in with the Continuing Education office. Classes are held on the main campus at College of DuPage in Glen Ellyn.

Students registered for all-day classes at COD will have a supervised lunch break.

IMPORTANT INFORMATION for Junior High-Achievers Students

✱ COD Youth Academy does not award credit. Before registration, check with your school about credit or advanced placement eligibility. Grades will be sent home on a grade sheet and are not eligible for official transcripts. Please read the Student Handbook for additional policies applying to these courses.

✱ Orientation Sessions are mandatory. Register at www.cod.edu/cehighschool.

✱ Algebra I and Spanish I classes require a textbook. Publisher information can be found under course description on page 24.

✱ Students registered for all-day classes at COD will have a supervised lunch break.

✱ Please come to every class with paper and a writing instrument.

PLEASE NOTE: No student under the age of 16 can be left unescorted on the campus.

JUNIOR HIGH ACHIEVERS
Elective Classes

Computer Technology 101
Students can continue to build on their typing methods of the alpha/numeric keyboard on the personal computer, with an emphasis on proper keying techniques and proofreading/editing skills. Students develop speed and accuracy while producing and editing properly formatted documents. Students also gain knowledge of Microsoft Word, Power Point, Excel and more! The development of employability skills is included in the course.

High School and Junior High Achiever Course Descriptions

Mathematics

Algebra I, Sem. I and II
This course is equivalent to high school Algebra I and promotes the sequential study of variables and variable expressions encompassing operations of real numbers, systems of equations and inequalities, graph of linear relations, rules of exponents, work with quadratic functions and equations, operations with polynomials, including factoring techniques, operations with rational expressions, and radical expressions and equations. The course is designed to strengthen students’ skills and attitudes toward quantitative reasoning. Prerequisite: 8th Grade Math. Required textbook: Common Core Algebra 1, Pearson High School Math, ©2015, ISBN: 9780133281149

Algebra II with Trigonometry, Sem. I and II
This course is equivalent to high school Algebra II with Trigonometry and reviews and extends the main concepts of algebra by examining linear equations and inequalities, systems of linear equations, quadratic functions and complex numbers, polynomial functions, rational exponents, exponential and logarithmic functions, arithmetic and geometric sequences and series, combinations, permutations and probability, right triangle trigonometry, graphing trigonometric functions and solving trigonometric equations. Prerequisite: Algebra I. Required textbook: Common Core Algebra 2, Pearson High School Math, ©2015, ISBN: 9780133281163

Geometry, Sem. I and II
This course is equivalent to one year of high school geometry and promotes the sequential study of coordinate geometry, measurement, inductive and deductive reasoning, parallel line relationships, congruent triangles, quadrilaterals, proportions related to similarity, right triangle relationships, circles and their related angles and segments, area formula for planar figures, surface area and volume formulas for solids, and equations and graphs of lines. The course is designed to strengthen students’ skills and attitudes toward quantitative reasoning. Prerequisite: Algebra I. Required textbook: Common Core Geometry, Pearson High School Math, ©2015, ISBN: 9780133281156

Pre-Calculus, Sem. I and II
This course is equivalent to one year of high school pre-calculus and reviews and extends the main concepts of advanced algebra by examining functions, equations and inequalities that include linear, quadratic, polynomial, exponential, logarithmic, rational, and radical, as well as sequences and series. The course is designed to strengthen students’ skills and attitudes toward quantitative reasoning. Prerequisite: Geometry. Required textbook: Pre-Calculus with Limits, Houghton Mifflin ©2005, ISBN: 9780618394784

Spanish I, Sem. I and II
This course is the equivalent of one year of high school Spanish I. It serves as an introduction to the sound system, pronunciation, basic vocabulary, verb structure and other grammatical concepts of the language. Prerequisite: None. Required textbook: Avancemos! 1, Holt McDougal, Level 1, ©2010, ISBN: 9780554025315

Spanish II, Sem. I and II
This course is the equivalent of one year of high school Spanish II. It builds and expands on the concepts covered in Spanish I while introducing more advanced structures and vocabulary. Listening comprehension, speaking, reading and writing skills are practiced through small group and teacher-directed activities. Prerequisite: Spanish I, Holt McDougal, Level 2, ©2010, ISBN: 9780554025322

World Language

American Sign Language (ASL)
This class introduces students to the Deaf culture, vocabulary words for this new language, and correct grammatical and syntactical rules. The skills developed in this class enable students to express themselves and participate in simple conversations. Students learn about the history of ASL and the Deaf community. Students present about parts of Deaf culture in the United States, autobiographies, and sentences to show their expressive skills.

Language Arts

English IX, Sem. I and II
Two semesters of English IX are equivalent to one year of high school freshman English and cover fundamental skills in composition, grammar and usage. Emphasis is given to reading, writing, thesis-development and continuity, literary types, vocabulary and study skills. Prerequisite: None. Required textbook: Elements of Literature, Houghton Mifflin ©2005, ISBN: 9780618332744

Speech
This equivalent of one semester of high school Speech is designed to help students develop an understanding of basic concepts in the process of oral communications, including communication theory, speech preparation and delivery.
Spanish III, Sem. I and II
This course is the equivalent of one year of high school Spanish III. It integrates the concepts covered in Spanish I and II with more complex structures and advanced vocabulary. Increased fluency and enhanced communication skills are achieved through the reading of short stories and through writing exercises.

Sciences

Biology, Sem. I and II
This course is the equivalent of one year of high school Biology. A basic survey of the biological sciences, this course employs an inquiry approach to study living organisms and their basic structures. Topics include chemistry, cells, ethics, classification, plants, ecology, study of animal body systems culminating in a dissection, evidences of evolution, structure and function of DNA, protein synthesis, Mendelian and applied genetics, and current trends in biology.

Chemistry, Sem. I and II
This course is the equivalent of one year of high school Chemistry, covering fundamental lab skills through the periodic table and kinetic molecular theory through an understanding of acid-base reactions. It focuses on understanding the different forms of matter that comprise our physical world and the many changes these forms of matter undergo in our universe. District 204 students have a geometry prerequisite.

Physics, Sem. I and II
This course is equivalent to one year of high school Physics. This course is designed to give the student an overview of various areas of the physical universe. Laboratory experiences permit inquiry into the nature of physical science and to inquire into the nature of physical law, a process that is transferable to any discipline. Some problem solving is included. District 204 students have a geometry prerequisite.

Social Studies

American Government
This is equivalent to one semester of high school American Government and provides students with a critical perspective on government and politics in American life. Attention is given to the political system, how it works and the rights and responsibilities of citizens. The U.S. and Illinois Constitution tests are administered during this course.

U.S. History, Sem. I and II
This course is equivalent to one year of high school U.S. History. Attention is given to Colonial America, the American Revolution, the rise of American political thought, Federalist and Republican eras, westward expansion, manifest destiny, slavery, Civil War, Reconstruction, Progressive movement, economics, Post War, Cold War, Civil Rights, Vietnam, Watergate and recent administrations. The U.S. and Illinois Constitution exams are given during the first semester of the class.

Business and Consumer Economics

Consumer Economics
This is equivalent to one semester of high school Consumer Education and promotes the study of financial principles and consumer practices on which individual and family welfare depend. Topics include career planning, budgeting, taxes, insurance, housing, investments, buying techniques, product evaluation and consumer resources.

Business Orientation
This one-semester course introduces students to the world of business. Topics covered include types of business ownership, marketing, accounting, human resources, management, finance, ethics and economics. These concepts are presented through classroom discussion and project-based learning. Students are encouraged to take this course prior to further study in business such as Management, Accounting, Marketing, and Advertising.
Get Your Geek On!
Saturday, April 27, 2019
10 a.m. to 4 p.m. • Free
Physical Education Center (PEC)
College of DuPage staff and industry experts will be on hand to provide an inside view into some of the most in-demand and cutting-edge careers of today and the future. Come for the knowledge. Stay for the fun!

Highlights:
• Learn to solder with Build-a-Blinkie
• Experience virtual reality
• Engineer your dream with Disney Youth Education Series
• Watch our demo team explode a hydrogen balloon

Interactive displays, hands-on exhibits and more!
cod.edu/stemcon

Keynote Speaker: Angel Price
Attractions Engineering Services Manager, Disney’s Hollywood Studios

“Authentically YOU”
Learn how to trust your potential and find a career that allows you to be authentically you. Also, visit the Disney booth to learn how science, technology, engineering and math are making dreams come true every day.

CONTINUING EDUCATION YOUTH SCHOLARSHIP FUNDS
Help enrich a child’s life through COD Youth Academy
Continuing Education scholarship funds assist kids in grades K to 12 in taking enrichment and academic programming. Please consider a donation through the College of DuPage Foundation. Visit foundation.cod.edu or call (630) 942-2462.
RELEASE OF GRADES
Privacy laws dictate that the following form must be completed in order for College of DuPage to release and/or send your grade to any school. Please print clearly. Questions may be directed to Continuing Education at (630) 942-2208.

STUDENT NAME  STUDENT DATE OF BIRTH

I authorize grades to be released to the following high school:

NAME OF HIGH SCHOOL  CITY  ZIP CODE

NAME OF HIGH SCHOOL COUNSELOR OR REGISTRAR

PARENT SIGNATURE  DATE

Release grades for the following 2019 summer courses:

COURSE  CODE #

☐ SEMESTER 1  ☐ SEMESTER 2
☐ I am auditing this course without a grade awarded (this decision is irrevocable)

COURSE  CODE #

☐ SEMESTER 1  ☐ SEMESTER 2
☐ I am auditing this course without a grade awarded (this decision is irrevocable)

☐ I attend a homeschool or co-op.  Co-op name ____________________________

PHOTO AND VIDEO RELEASE
I hereby give College of DuPage permission to use any photograph or video footage of my child for public relations purposes (i.e., flyers, catalogs, brochures). Please check appropriate box.

☐ Yes  ☐ No

PARENT SIGNATURE  DATE

PARENT/STUDENT HANDBOOK SIGNATURE
A parent/guardian signature for the Student/Parent Handbook constitutes an understanding and acceptance of policies/conditions set forth by College of DuPage Continuing Education.

I acknowledge that I am fully aware of the consequences resulting from the violation of any of the policies listed above. I understand that disciplinary action shall be applied in a consistent and non-discriminatory manner by the site supervisors employed by College of DuPage at each of its locations. Their decisions involving disciplinary measures are binding and will not be overruled by College of DuPage. A full copy of this Student/Parent Handbook is available at www.cod.edu/cehighschool or a paper copy can be obtained at the Continuing Education office, Student Resource Center (SRC), Room 1110.

I, the participant, and I, the parent/guardian, understand and agree to abide by the College of DuPage Continuing Education Summer 2019 Student/Parent Handbook.

PRINT STUDENT NAME  STUDENT SIGNATURE  DATE

PARENT/GUARDIAN SIGNATURE  DATE

Return to College of DuPage Continuing Education prior to the first day of the semester. Signed forms can be sent to: Continuing Education College of DuPage  OR  Fax (630) 942-3785
425 Fawell Blvd., Glen Ellyn, IL 60137  youthacademy@cod.edu
EMERGENCY CONTACT INFORMATION

STUDENT NAME  
STUDENT DATE OF BIRTH

WAIVER OF LIABILITY AND EMERGENCY MEDICAL RELEASE

*(Any medications necessary for your child should be taken at home before the student comes to class.)*

I authorize College of DuPage personnel to take appropriate action in the event of an emergency. Students with medical emergencies will be taken to the nearest hospital, and I understand that I am responsible for all costs incurred in relation to my child. I release College of DuPage and its directors, officers, trustees, employees and agents from all liability, in accordance with current state and federal law, arising from participation in the Continuing Education program. I also understand that if my son or daughter becomes ill or engages in destructive behavior, the emergency contact will be called to take him or her home.

PARENT (GUARDIAN) SIGNATURE

KNOWN ALLERGIES OR MEDICAL CONCERNS

Please prioritize the following phone numbers. Please print all information legibly. Number them in the order which we are most likely to contact a parent or guardian. Only list persons authorized to pick up your child in the event of an emergency. Thank you!

Summer High School and Junior High Achievers
MANDATORY ORIENTATION SESSIONS

Register at www.cod.edu/cehighschool

All students registered for the 2019 High School summer program are required to complete an in-person or online orientation session with a parent or guardian. Students and parents review and sign required documents as part of the session. Details of this presentation include:

- Policies
- Grading
- Student/Parent Handbook
- Required Paperwork
- Grade Release Authorization Forms

The option of an in-person orientation session is also available on the following date:

Wednesday, May 15, 7 to 8 p.m.
Neuqua Valley High School, Naperville

Visit cod.edu/cehighschool for registration details and call (630) 942-2208 or email ce@cod.edu for more information.
